# About Sandhill

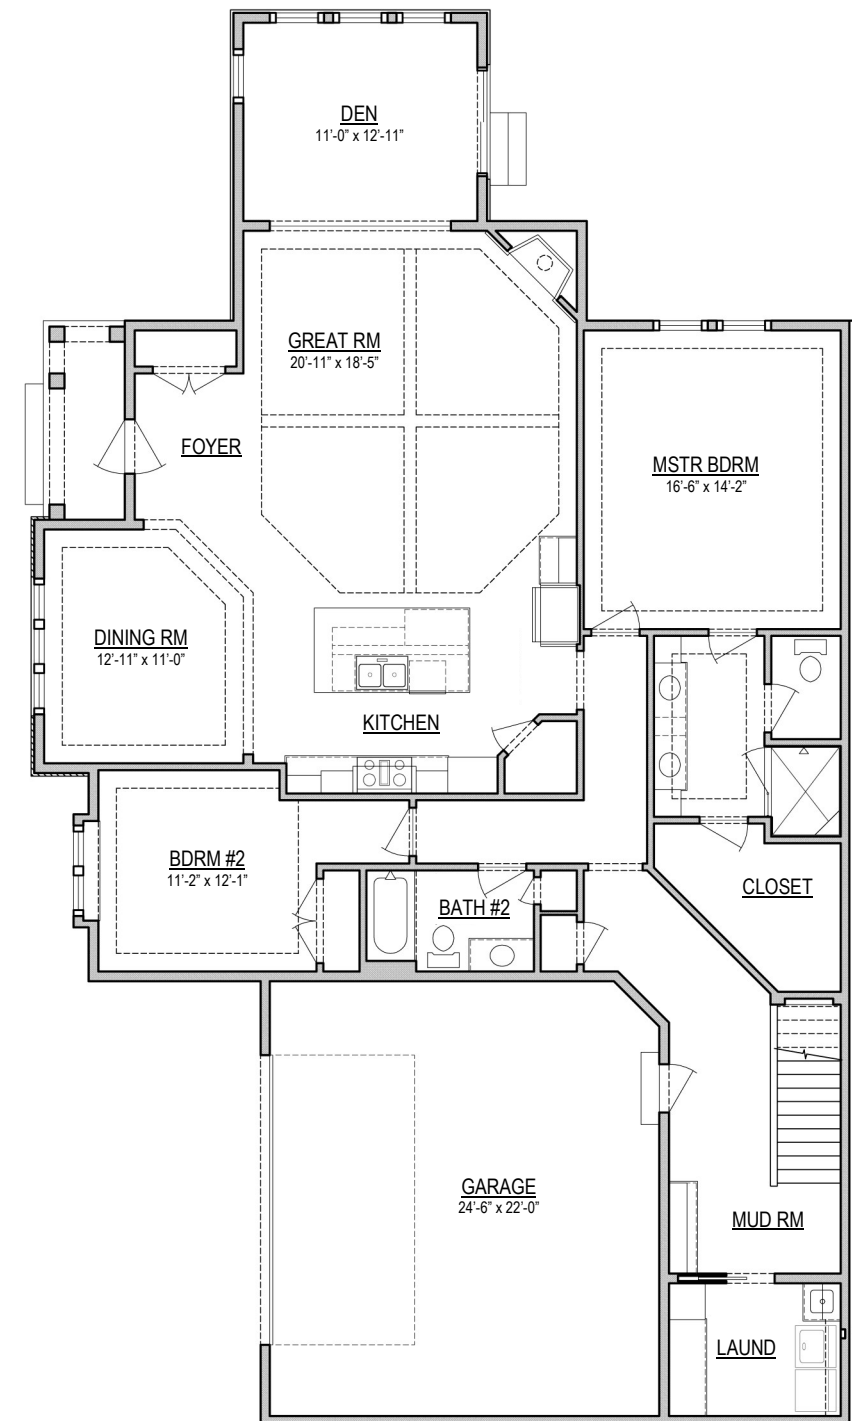

Kings Way Homes with Siepmann Realty Corporation brings you the elegant condominium development of Sandhill. Located in a private alcove in the Village of Hartland, Wisconsin, this development is the best of vast nature landscapes with convenient placement north of Hwy. 16, only minutes drive from restaurants, shops, and more.

Sandhill was designed to be a low-density, luxury condominium site with 33 duplex buildings, and 11 double duplex buildings, leaving 42 acres of open common space that include paved recreational trails for the residents and public to enjoy.

Choose from 5 different floor plans, ranging from 1,570 square feet to over 2,000 square feet. Available sunroom and three-car garage options allow for even more living and storage space. All condominium units are standard with 9 foot height poured concrete basements and one egress window. Select building sites offer a partial "look-out" exposure with additional windows and elevated decks.
